REQUEST FOR COMPLETION OF SURVEY FOR OUR SCHOOL COMMUNITY

Here at MASH Out of School Care, we are always looking at innovative ways to improve our service and ensure that we are giving caregivers & children the care and service they need and want. We live by the ethos that **we are not babysitters**; we work hard to add value to children's lives and equip our staff with the skills and knowledge to be able to provide social, emotional, academic and physical support to children. We are all about adding value to a child's life and it is the pinnacle of everything we do!

With that in mind, we are currently working on improving our service further and we see academic research as fundamental to this, however, we recognise that research in the area of Out of School Care in New Zealand is limited. We are therefore, going to be conducting our own research; we want to know exactly what a Kiwi caregiver wants from an Out of School Care provider and this is where we really need the support of local schools!

We have created a short survey which we want as many caregivers as possible to complete, and would be extremely grateful if you would take the time to complete the survey by clicking on the link below

<https://forms.gle/K7PhZkkEt31yPf3v5>

Anyone who completes the survey will be in with an opportunity to win one of two 7" tablets. The closing date for this is **Friday 1st November**.

WIN! **COMPETITION!!** **WIN!**

Do you want to be in with a chance to win one of two 7" tablets? Silly question, of course you do!

To be in with a chance to win one of these awesome prizes, all we ask is that you complete the following survey:

 **Click WIN, answer the questions & submit, simple!** 

Your answers will be confidential and the survey will be used to improve the services offered by the Out of School Care sector.

WIN! **WIN!**
